

School Accountability Report Card Reported for School Year 2007-08 Published During 2008-09

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school, its programs and its goals.

Colfax High School is located adjacent to the community of Colfax, just off Highway 80, approximately 16 miles from Auburn. The attendance area extends from just outside Auburn to Emigrant Gap and is bordered by the American and Bear Rivers. It is part of the Placer Union High School District and serves approximately 900 students in grades 9-12. Our Principal is Rick Spears and the Assistant Principals are Margaret Vodicka and Judy Hardman.

We are committed to the Quality School concepts advanced by William Glasser, M.D., and guided by the principles that decisions are to be research-based and data driven. We operate on the fundamental assumption that all students are capable of experiencing success and achieving excellence in learning. We provide a climate which affirms the worth and dignity of all students while setting high standards for learning and behavior. The campus has a relaxed and friendly atmosphere where students and staff feel safe and enjoy good relationships. Our expectation for school-wide learning is for graduates to be effective communicators, resourceful learners, life-long learners, fit individuals, academically responsible, and exceptional citizens. Staff, students, parents and community are encouraged to work together to create a friendly and challenging environment, which encourages people to reach their full potential and become educated, responsible citizens.

Mission Statement:

The Colfax High School community is committed to learning by providing teaching excellence in a supportive environment.

[Opportunities for Parental Involvement \(School Year 2007-08\)](#)

This section provides information about opportunities for parents to become involved with school activities.

Colfax High School enjoys active and broad parental involvement on the School Site Council. The council, along with the school community, analyzes the academic needs of all students, determines performance improvement targets, recommends and approves school improvement programs, and reviews/assesses the effectiveness of these programs. Other support groups include (1) the Parent Club, which supports a number of teacher appreciation events throughout the year, volunteers time at school, publishes a monthly newsletter, and provides scholarships to graduating seniors, (2) the Grad-Night Committee, which provides a drug & alcohol free party the night of graduation, (3) the Falcon Foundation, which supports classroom activities, clubs, and athletics, and (4) various booster clubs for departments such as drama and athletics.

[Student Enrollment by Grade Level \(School Year 2007-08\)](#)

This table displays the number of students enrolled in each grade level at the school.

III. School Climate

[School Safety Plan \(School Year 2007-08\)](#)

This section provides information about the school's comprehensive safety plan.

A School Safety Committee is responsible for the School Safety Plan. Every classroom and office has an Emergency Preparedness Manual posted with emergency numbers and procedures for a variety of possible situations. School evacuations and lockdown procedures are posted. Each year these plans are reviewed and updated. Practice drills are held on a regular basis.

[Suspensions and Expulsions](#)

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

Expulsions	0.0	0.0	0.0	0.0	0.2	0.2

IV. School Facilities

[School Facility Conditions and Planned Improvement \(School Year 2008-09\)](#)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

The PUHSD takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Instruction. The results of this survey are available at the District Office at 13000 New Airport Road. An inspection was conducted on April 27, 2008, and another inspection is planned for the spring of 2009. The Colfax High School campus is located in the Sierra foothills on a beautiful 40-acre, tree-filled site. The school was founded in 1959 with fewer than 200 students and limited course offerings. Today it serves 1,000 students with a comprehensive curriculum that ranges from AP English Literature to Art/Mixed Media.

Major new construction, made possible by the passage of Measure W in 1999, was completed in 2004. Included was a 55,000 square-foot building housing classrooms, a 500 seat performing arts center, gymnasium, team rooms, library, and student services center. Also included were additional parking, a soccer field, increased capacity stadium bleachers, technology, landscaping, a sound & multi-media laboratory, and a modernized cafeteria and weight room. Students have access to two computer labs, a multi-media lab, and a library internet lab. Also, all classrooms have computers and are internet connected.

In the summer of 2007, construction in our quad resulted in a beautiful area for students to relax, visit, and eat before and after school, and during breaks and lunch. In the summer of 2008, an all-weather track was installed in our football stadium. Seating on the visiting side was also expanded.

Colfax is a closed campus and provides a safe, secure environment for learning. All visitors are required to sign in upon arrival on campus. All staff members receive training on safety procedures. We have a full-time Placer County Sheriff assigned to the high school. The primary responsibility of our two Assistant Principals and a full-time school monitor is school safety. The grounds and buildings are well maintained by the district maintenance staff to ensure the school is in good repair and students are provided with a clean, safe, and functional learning environment.

V. Teachers

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The focus of all professional development is improved student achievement. Our yearly focus is developed in a collaborative manner, which includes the Staff Development Committee, Curriculum and Instruction Director, Department Chairs, and District personnel, with an overriding emphasis on Quality Schools. Student Achievement data such as STAR test results, CAHSEE results, graduation rate, attendance rate, and subject matter formative assessments give direction to our plan as well as an emphasis on new teacher support. The average annual number of school days dedicated to staff development for the most recent three-year period is 4, which includes 3 full days and 6 minimum days.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

Teachers	School			District

VI Support Staff

Academic Counselors and Other Support Staff (School Year 2007-08)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	2.7	374
Library Media Teacher (Librarian)		N/A

VII. Curriculum and Instructional Materials

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2008-09)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Pursuant to the Williams Act, the Placer Union High School District Board of Trustees certified by resolution on August 26, 2008, that each school had sufficient textbooks, instructional materials, and/or science laboratory equipment (in core subjects). All students, including English Learners, are required to be given their own textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home, if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California Content Standards and Frameworks, with final approval by the Board of Trustees. Colfax High School currently has implemented and utilizes standards aligned textbooks and materials in all core classes. Our textbooks are all adopted by resolution by the Board of Trustees. Supplemental materials are directly tied to the adopted text for each core class.

The Board of Trustees adopted texts between 2004-2008. For a complete list of adopted textbooks in core subjects, please call 530-886-4406.

Core Curriculum Area	Quality, Currency, and Availability of Textbooks and Instructional Materials	Percent of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the Current Expense of Education Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$8,814.58	\$2,292.08	\$6,522.50	\$64,852.30
District	---	---	\$8,795.80	\$61,942

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$35,768	\$41,367
Mid-Range Teacher Salary	\$55,459	\$66,967
Highest Teacher Salary	\$76,363	\$85,877
Average Principal Salary (High)	\$105,635	\$123,438
Superintendent Salary	\$150,103	\$185,780
Percent of Budget for Teacher Salaries	38.5%	37.1%
Percent of Budget for Administrative Salaries	6.7%	5.1%

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

CST Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE Web site at <http://cahsee.cde.ca.gov/>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

CAHSEE Results by Performance Level for All Students – Three-Year Comparison

California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pfi/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Fitness Standards
9	69.2

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005-06	2006-07	2007-08
Statewide	7	9	9
Similar Schools	2	6	3

API Changes by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. *Note: "N/A" means that the student group is not numerically significant.*

Group	Actual API Change			Growth API Score
	2005-06	2006-07	2007-08	2008
All Students at the School	23	10	-5	778
African American

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	No
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	Yes	Yes
Graduation Rate	Yes	Yes

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California Web site at <http://www.universityofcalifornia.edu/admissions/general.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web site at <http://www.calstate.edu/admission/>.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in grade 12, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CAHSEE Web page at <http://www.cde.ca.gov/ta/tg/hs/>.
Note: "N/A" means that the student group is not numerically significant.

Career Technical Education Programs (School Year 2007-08)

This section provides information about the Career Technical Education (CTE) programs and lists programs offered at the school.

The Placer Union High School District offers sequenced CTE courses that create clear CTE programs at each District high school. These programs are supported by the four core academic areas: English, math, science, and social studies. District CTE programs address the eleven industry sectors identified by CDE.

The sequenced programs offered at Colfax High School are:

- Architectural and Structural Engineering
- Cabinet Making and Wood Products
- Forestry and Natural Resources
- Information Support and Services
- Integrated Graphics Technology
- Media and Design Arts
- Media Support and Services
- Production and Managerial Arts
- Residential and Commercial Energy and Utilities
- Welding Technology

A program sequence in CTE has three parts: (1) a foundation course, (2) one or more intermediate courses, and (3) a capstone course. These capstone courses may be offered through the school, ROP, and /or Adult Education, and may be eligible for college credit through the District's Tech Prep articulation with the local Community College. In addition, several of the capstone courses meet the "A-G" college entrance requirements for preparation to enter the UC or CSU system. A coherent sequence of courses will allow students to move through foundation, intermediate, capstone, and related courses in an organized manner; this facilitates student mastery of standards, allows students to select related courses from another program in the industry sector, enables students to complete pathway courses which have been articulated with the community college in a Tech-Prep 2+2 pathway (2 years of high school CTE and academics with 2 years of postsecondary education), and provides opportunities in many industries to earn certificates of mastery, college credits, and/or industry certification.

Career Technical Education Participation (School Year 2007-08)

This table displays information about participation in the school's career technical education (CTE) programs.

Measure	CTE Program Participation
Number of pupils	576 all grades
Percent of pupils completing a CTE program & earning a high school diploma	83%
Percent of CTE courses sequenced or articulated between the school and institutions of postsecondary education	84%

Courses for University of California and/or California State University Admission (School Year 2007-08)

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion of, courses required for UC/CSU admission can be found on the *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

Indicator	Percent
Students Enrolled in Courses Required for UC/CSU Admission	61.9
Graduates Who Completed All Courses Required for UC/CSU Admission	36.2

Advanced Placement Courses (School Year 2007-08)

This table displays, for the most recent year, the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found on the *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.
